The site is located in a prime position adjacent to the National Indoor Arena in the heart of the city centre. It offers great access to the Birmingham canal area, the business and leisure districts and the train stations. The environment around this area is very urban and the development is intended to attract people that enjoy city living.

The development comprises of 92 one and two bedroom apartments for market rent with en-suite facilities, complemented by an open plan living, dining and kitchen area. Balconies have been provided wherever possible.

The design concept set out to provide high quality, contemporary city living that is contextual to the local surroundings. The surrounding context is predominantly residential with a number of other apartment blocks around that area.
